What is CC Cream?
CC Cream is a hybrid formula of skincare and color-correcting ingredients designed for all skin types. This exquisite formula is concentrated with technically advanced color-adapting pigments that self-adjust to the skin’s natural color for a flawless, custom-made complexion. CC Cream’s signature fragrance reveals an intense yet delicate aromatic woody scent to make the application a sensorial moment.

What are the benefits of CC Cream?
MOISTURIZE • REVITALIZE • REFINE • SOOTHE • PERFECT • PROTECT
CC Cream provides an instant sensation of soothing and hydrating comfort that lasts throughout the day resulting in a smooth and even skin tone for a younger and revitalized appearance. CC Cream promotes healthier skin by protecting the skin from free radical damage and the effect of premature aging, leaving the skin radiant, fresh and luminous.

What are the ingredients in CC Cream?
Mango Butter, Calendula Flower extract, Lentiscus Pistachio, Pure Seawater, AQUAXYL®, Vitamin E, Color-adapting pigments (see details in annex).

What skin types are suitable for CC Cream?
CC Cream is formulated for all skin types from very dry, dry, normal, sensitive, combination to oily skin.

What skin tones are suitable for CC Cream?
CC Cream is formulated for fair, medium, olive and dark skin tones.

When to apply CC Cream?
We recommend applying CC Cream in the morning on a perfectly clean face and neck. Begin your Cerule Skin application ritual with the Instant Tensor Serum and then apply the CC Cream.
IN THE MORNING:
On a perfectly clean face and neck, start your Cerule Skin application ritual with the Instant Tensor Serum and then apply your CC Cream.

For very dry to dry skin: Apply a day skincare cream adapted to your skin type after the Instant Tensor Serum and before the CC Cream.

For normal or sensitive skin: Apply the Instant Tensor Serum and then apply the CC Cream.

For combination to oily skin: Apply the Instant Tensor Serum on the contours of the eye and then apply the CC Cream which has matte-like properties.

Note: This formula is SPF free. We advise applying to your face a 30 to 50 SPF if you are going out in the sun. Apply the SPF after the Instant Tensor Serum and before the CC cream.

How to apply CC Cream?
Collect a small amount of the product with your fingertip and apply on the face and neck. Blend into your skin by smoothing outward and massaging into the skin until your complexion is perfectly even.

Can the CC Cream be used by both men and women?
Yes! Both men and women will benefit from CC Cream. The aromatic woody scent is pleasant for both men and women and the formula produces an even tone without any shiny or pearly effect. An additional benefit for women is the CC Cream can be worn alone for a light coverage or as a primer for your foundation.

What age do you recommend starting the CC Cream?
We recommend starting to use the CC Cream at 18 years.

What is the shelf life after opening?
Shelf life is up to 9 months after opening.

Is the CC Cream certified organic?
No. However, 98.5% of the ingredients are derived from completely natural origins. The remaining 1.5% is the fragrance, preservative, and microcapsules containing the color-adapting pigments and cannot be certified organic. The microcapsules contain Poly methyl methacrylate or PMMA and are considered safe and rated as a low hazard ingredient by the Cosmetics Database.

Does the CC Cream contain any allergens?
The allergens in the CC Cream are considered low risk and are in the fragrance that contains Geraniol, Citronella, and Citral (allergens NATURALLY occurring in plants). The preservative in CC Cream is Benzyl Alcohol and is considered a very low risk allergen.

</thead>
<tbody>
<tr>
<td>MANGO BUTTER</td>
<td>Mango butter is an emollient that helps maintain optimal skin hydration levels and contains regenerative properties that restore the skin's hydrolipidic film which acts as an external protective barrier. Mango butter is a rich source of antioxidants and protects the skin from the signs of aging.</td>
<td>• Moistures deeply&lt;br&gt;• Anti-aging action</td>
</tr>
<tr>
<td>AQUAXYL® Complex glucose-xylitol</td>
<td>Aquaxyl complex stimulates the synthesis of ceramide and acts as a skin shield. Ceramide helps strengthen the skin barrier and helps prevent loss of hydration.</td>
<td>• Moistures deeply&lt;br&gt;• Plumps the skin</td>
</tr>
<tr>
<td>CALENDULA FLOWER extract</td>
<td>Calendula flower extract contains healing and soothing compounds with intense regenerating properties.</td>
<td>• Soothes&lt;br&gt;• Calms</td>
</tr>

</thead>
<tbody>
<tr>
<td>PURE SEAWATER</td>
<td>Pure seawater revitalizes and re-mineralizes the skin by a synergistic diffusion of minerals and trace elements. Collected from a protected area without pollution, the seawater is filtered of all impurities and sterilized by microfiltration. Seawater contains a perfect degree of salinity and creates an isotonic environment similar in solution to the membrane of our own cells and thus creates a perfect symmetry for the cells to absorb the minerals and trace elements they need for optimum balance and health. Through this effect (biomimicry) the seawater increases the effectiveness of the product by enhancing the infusion of active ingredients through the skin barrier.</td>
<td>• Revitalizes&lt;br&gt;• Soothes&lt;br&gt;• Protects the skin</td>
</tr>
<tr>
<td>Isotonic</td>
<td></td>
<td></td>
</tr>
<tr>
<td>VITAMIN E</td>
<td>Vitamin E is an intense antioxidant that protects the skin’s natural defense barriers by helping to combat free radical damage and in particular reducing the UV-related cell damage that leads to premature aging.</td>
<td>• Anti-aging action</td>
</tr>
<tr>
<td>LENTISCUS PISTACHIO</td>
<td>Lentiscus Pistachio contains compounds that refine imperfections, reduces pores, evens out skin tone and promotes a healthy complexion.</td>
<td>• Refines skin’s texture&lt;br&gt;• Reduces pore size&lt;br&gt;• Creates a matte finish</td>
</tr>
<tr>
<td>COLOR-ADAPTING PIGMENTS</td>
<td>Color-adapting pigments are the synergistic result between microencapsulated gold pigments and corrective light reflecting pigments that self-adjust to the skin’s natural color for a flawless custom-made complexion.</td>
<td>• Custom-made complexion</td>
